A WORD ABOUT SAFETY

For over 43 years, it has been our commitment to provide you with safe, high-quality, and age-appropriate products. Safety is our top priority at Liqui-Mark. We have ensured that our products are safe and non-toxic.

As a leading brand of children's products & writing instruments, we have always taken a leadership role in product safety. Our products are reviewed by independent toxicological evaluation to ensure we are offering safe and non-toxic products of the highest quality. All Liqui-Mark products comply with CPSIA regulations.

Our Quality Control team works to ensure our raw materials and products in our global supply chain are consumer-safe, and that we comply with continuously updated government directives and voluntary standards regarding product safety and quality. We continue to evaluate, screen, and test our products and raw material components where they are sourced and manufactured - whether that is in the United States, Europe, Asia, or elsewhere around the world.

We cooperate with our customers by providing them with safety testing and compliance results when requested. We appreciate the trust that parents, teachers, and children have in Liqui-Mark.

**Laundering Tips:** Launder immediately in hot water for best results. Do not use prewash or chlorine bleach. Normal laundering will remove stains from most washable children's clothing, but may not wash out of materials that were not intended to be laundered such as wallpaper, matte finish paint, unfinished wood, vinyl and other materials. Severe stains may require additional laundering. Stains can be removed from skin with soap and water.
